Globalisation, Economic Policy, and Equity: The Case of

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. Globalization has grown due to advances in transportation and communication technology. With increased global interactions comes the growth of international trade, ideas, and culture. Globalization is primarily an economic process of interaction and integration that's ...

Globalization - Wikipedia

Understanding Globalisation What is in this guide? This guide is meant to provide an understanding of globalisation. When people talk about "globalization" they are usually referring to technological, political, and economic changes which they believe make the world function in a different way from the way it did twenty or thirty years ago.

Understanding Globalisation - ETU

Economic globalization is one of the three main dimensions of globalization commonly found in academic literature, with the 2 others being political globalization and cultural globalization, as well as the general term of globalization. Economic globalization refers to the widespread international movement of goods, capital, services, technology and information.

Economic globalization - Wikipedia

The KOF Globalisation Index measures the economic, social and political dimensions of globalisation. Globalisation in the economic, social and political fields has been on the rise since the 1970s, receiving a particular boost after the end of the Cold War.
