

globalization and deregulation ideas pdf

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. Globalization has grown due to advances in transportation and communication technology. With increased global interactions comes the growth of international trade, ideas, and culture. Globalization is primarily an economic process of interaction and integration that's ...

Globalization - Wikipedia

Neoliberalism or neo-liberalism is the 20th-century resurgence of 19th-century ideas associated with laissez-faire economic liberalism.: 7 Those ideas include economic liberalization policies such as privatization, austerity, deregulation, free trade and reductions in government spending in order to increase the role of the private sector in the economy and society.
