Funding & Financing Infrastructure in Victoria Members Note

The way a country finances its health care system is a key determinant of the health of its citizenry. Selection of an adequate and efficient method(s) of financing in addition to organizational delivery structure for health services is essential if a country is set to achieve its national health objective of providing health for all.

Download the dataset (XLSX) Read the note (PDF) This dataset replaces an earlier dataset that covered the period 2000-2008. The dataset includes country-level data on the public sector (various definitions) wage bill, total expenditure, revenues and government employment for the period 2000 – 2013 subject to availability.

Size of the Public Sector: Government Wage Bill and Employment

Film finance is an aspect of film production that occurs during the development stage prior to pre-production, and is concerned with determining the potential value of a proposed film. In the United States, the value is typically based on a forecast of revenues (generally 10 years for films and 20 years for television shows), beginning with theatrical release, and including DVD sales, and ...
